**VIRGINIA WATER PROTECTION PERMIT
ISSUED PURSUANT TO THE STATE WATER CONTROL LAW
AND SECTION 401 OF THE CLEAN WATER ACT**

Based upon an examination of the information submitted by the owner, and in compliance with § 401 of the Clean Water Act as amended (33 USC 1341) and the State Water Control Law and regulations adopted pursuant thereto, the State Water Control Board (board) has determined that there is a reasonable assurance that the activity authorized by this permit, if conducted in accordance with the conditions set forth herein, will protect instream beneficial uses and will not violate applicable water quality standards. The board finds that the effect of the impact, together with other existing or proposed impacts to surface waters, will not cause or contribute to a significant impairment to state waters or fish and wildlife resources.

Permittee: Dominion Virginia Power
Address: 5000 Dominion Boulevard
Glen Allen, VA

Facility: Virginia City Hybrid Energy Center Project
Solid Waste Management Facility

Activity Location: Virginia City, approximately 1.7 miles west of St. Paul, Wise County.

Activity Description: Dominion Virginia Power proposes to construct, operate and maintain a solid waste management facility which will serve a proposed electric generation facility. Construction of the facility will require the filling of three small wetlands (approximately 0.42 acres) and will require the placement of fill material upon 3880 linear feet of existing jurisdictional stream channel.

The permitted activity shall be in accordance with this Permit Cover Page, Part I - Special Conditions, and Part II - General Conditions.
